TONIGHT IS BOXING NIGHT

Second Smoker of Kingston Athletic Club at Griffiths Hall—Some Fast Bouts to be Staged, and Big Crowd Expected.

The second smoker of the Kingston Athletic Club will be held this evening at Griffiths Hall on lower Hasbrouck avenue, and it is expected that there will be a record turnout of boxing fans as one of the best boxing cards ever seen in this vicinity has been arranged for the occasion. Edward Gashin will be the third man in the ring.

There are two stars bouts of eight rounds. Willie Rose steps that distance with Young Jim Jeffries, and Al Delmont boxes Dundee of Poughkeepsie over the same route. Either one of these matches should be worth the price of admission.

There is also a fast semi-final and four rounds by local boxers. The first bout starts at 8:20 o'clock.

FEDR'N WOMEN'S CLUBS MEETING

The district meeting of the Federation of Woman's Clubs held in Savoy on Tuesday, was largely attended by Kingston club women, and proved to be especially inspiring and informing.

The sessions of the meeting were held in the parlors of the Park Street Reformed Church. The morning's session was presided over by Mrs. Ella Bidwell, chairman of the district, who asked Mrs. Hewitt, president of the State Federation to say a few words of welcome to the women present, which she did most graciously. Following the very interesting and illuminating reports given by the various federated clubs, Mrs. Overbaugh of the Monday Club of Saugerties, invited the guests to luncheon, and a delicious and perfect served luncheon it proved to be. Then the visiting club women were shown the library and high school of Saugerties, both well worth visiting.

The afternoon session was opened by Mrs. Hewitt, state president, who with a truly inspiring address made told of the plans of the state federation for the year, including the big Americanization program. She expressed her gratitude for the co-operation of all of the federation clubs and for their immediate response to all requests for service during the past year. But the chief message which Mrs. Hewitt had to bring her hearers was that of the high ideal of womanhood which is now more needed than ever in the world's history. This high ideal was shown to be service through love. In closing her address Mrs. Hewitt urged all present to attend the state federation meeting to be held in Elmira next month.

Mrs. Cameron, chairman of the Americanization committee of the district federation, then presented the program of work for the district, and made it exceedingly plain that literacy is the greatest foe to be fought along these lines. The Americanization of our land must depend in great measure upon teaching these illiterates to read and write the English language. She noted that we have in Ulster county the appalling number of 5,090 illiterates, showing that we have a big work to do. And upon the success of this work, the country over, will depend the progress and the solution of social problems, as well as of labor problems in the country. Mrs. Cameron also told of the plans for the furtherance of this work, and appointed Mrs. Hyman Roosa, former president of the Kingston Federation as chairman of the Americanization committee in Ulster county.

The next speaker was Mrs. Vose of Buffalo who spoke against the compulsory health bill, after which Dr. Mary Gage-Day gave a full, clear and detailed description of the bill and that it would do if passed, showing how exceedingly pernicious and harmful a measure it is. As a result of these two talks the district meeting unanimously passed a resolution sanctioning the passing of a resolution against the passage of this bill. The meeting then adjourned.

AT THE THEATRES.

Holsherk in Keeney Picture—Irish Theme at Opera House.

Powerful, vivid and terrible in its effects, "The New Moon" which will be shown at Keeney's tonight and tomorrow bares much that is sensual and unscrupulous in Russia's red enormities committed under the name of government, at the same time holding attention closely through swift dramatic action wonderfully well visualized by producer Joseph M. Schenck. Norma Talmadge and a brilliant cast. A Vitaphone comedy featuring James Aubrey and Carole Lombard are other specials tonight.

Every true Irishman's heart must rejoice that "Kathleen Mavourneen" opened this afternoon at the Kingston Opera House. This picture is a big William Fox special directed by Charles J. Brabin, who also wrote it under the inspiration of the famous poem by Mrs. Julia Crawford, the Irish poetess. It features Theda Bara in the title role. Kathleen Mavourneen will be shown tonight, Friday and Saturday at the Opera House only.

"Dorothy," Henry Wadsworth Longfellow's immortal poem now depicted in exquisite motion picture form by Fox Film Pictures will be presented at the Opera House next Monday, Tuesday and Wednesday.

"An Innocent Adventurer," a comedy-drama, will be presented at the Auditorium tonight with Vivian Martin in the title role. A snappy comedy "Chicken and Turkey," Gaumont news weekly and scenic tableaux are other attractions. Tomorrow Anita King in "One Against Many."

HIGHLAND.

Highland, Oct. 22.—Last Wednesday Mrs. Emily Francis Dimsey died at her home in Lloyd. Funeral services were held at the home on Friday afternoon and was attended by many relatives and friends. She was the daughter of Mr. and Mrs. Lyman Halstead and had spent her girlhood and married life in Lloyd. She was 72 years of age. She was well known and highly respected and esteemed by all who knew her. She was a member of the Ladies' Aid Society connected with the M. E. Church of that place. She also was a member of the Women's Christian Temperance Union and always stood for right and was always ready and willing to render assistance whenever she could. Her husband died nearly three years ago. She had been ill for many months. She bore with fortitude her painful illness, was patient and cheerful as could be expected and with calm resignation awaited the end. Loving hands did all that could be done for her. She answered the summons which, in due time will come to each and every one of us. She is survived by three daughters, Mrs. C. J. Skill, who resides in Vancouver, state of Washington; Mrs. Jennie Dimsey, of Highland; and Miss Bertha Dimsey, of Highland. The funeral services were conducted by the Rev. F. A. Coons, pastor of M. E. Church, Highland. The floral tributes were very beautiful, showing the high esteem in which she was held. Her loss will be deeply felt and her familiar face and form will long be remembered by her many friends and may the daughters always cherish in memory the love of this dear mother and to these and relatives we tender our sincere and heartfelt sympathy in this time of great affliction.

Last Thursday there came from Wappingers Falls a very jolly party of ladies and paid a social visit to Rev. and Mrs. F. A. Coons of the M. E. Church here. These people were some of the members of the Ladies' Aid of the church at Wappingers, during his pastorate there. They had a most delightful trip and a grand time visiting with the pastor and family. They hope to take the trip again.

CATSKILL VANDALISM.

Authorities Investigating Destruction of Tombstones.

Sheriff George H. Osborne of Greene county, the Catskill police force and two state troopers who are stationed in Saugerties are investigating whether radical members of a recently formed society for the abolition of tombstones caused the destruction of the ninety-one tombstones in the Catskill cemetery Sunday night. The society, according to the newspaper reports, was formed about three months ago by a group of persons who insisted that thousands of men in France were without graves, let alone tombstones, and the spirit of true democracy demanded the abolishment of all grave markings on this account. A woman entered into the mystery Monday night, when two stones in the French plot in the rural cemetery were overturned. On many of the stones in the village cemetery, imprints of men's shoes can be seen. One hundred and fifty feet of heavy iron piping in four lengths was torn up from around one of the plots and buried into the ditch below the vault. Catskill evidently has been invaded by vandals.

Sunday night at 8:30, it was learned, some person or persons, North street, buried a rock through the window of Willis Barba's home in Main street. The rock just escaped Mrs. Barba's head.

Hugger Arrested.

Robert Hugger, 30 years old, the Central New England, Sagman who walked back only 500 feet to intercept the train that crashed into his car train in the darkness of the early morning of September 23, and killed three men who were asleep in a caboose, was arrested by order of District John A. Caud of Dutchess county, who charges manslaughter in the second degree.

Open School Nov. 1.

Plans are being made now to open the new Hugger school in Poughkeepsie on November 1. It is expected that more than 150 children will attend. The building committee expects to be able to complete negotiations for the site and announce this week where the new school will be located.

A Black Eye Administered the Principal Plank in Metzger's Platform—

Which is Most Important, the Broadway Crossing or Human Life?

"That was a narrow escape those two fellows had at the Broadway crossing the other night," remarked the customer, as he dropped the newspaper he was reading.

"It sure was," replied the bus driver, "and the sooner that death trap is eliminated the better off the city will be."

"But Mr. Metzger, the Democratic candidate, objects to the elimination of the crossing," interjected the customer.

"Yes," retorted the barber, "and that near tragedy, knocks the principal plank in the Metzger platform off."

"You said it," cried the customer, "and it raises the question as to which is the most important, the elimination of the crossing, or the saving of human life?"

"According to Metzger's theory it's best to maintain the crossing yet a while," said the barber, "but I believe that the majority of the residents are not in favor of Mr. Metzger's plan."

"When do you think the crossing will be eliminated anyway?" asked the customer.

"Judging from the progress that has been made on the Sleightsburgh bridge, which has been agitated for about the same length of time," replied the barber, "we will be lucky if we see both projects completed within the next ten years."

"Then why is Metzger opposing the elimination?" asked the customer.

"Because Mayor Canfield favors it, I suppose," replied the barber.

"That is the only sound reason, although it can hardly be called sound, that I have heard advanced," said the customer.

"To tell the truth," said the barber following a pause, "this has been an unusually quiet election so far."

"That's because Mr. Metzger has advanced no real argument as to why he should be elected," replied the customer.

"And now you said something," agreed the barber, "for aside from making the usual promises to reduce the tax rate made by every candidate since Adam's time, the only issue he has raised is his objection to the elimination of the Broadway crossing."

"And that is no issue at all," interrupted the customer.

"Those are the first real words of wisdom I have heard drop from your rub lips in some time," replied the barber, with a grin.

BEFELER GETS \$350 VERDICT

When supreme court reconvened at 2 o'clock Wednesday afternoon, a jury was drawn in No. 76, Edward Osterhoudt against William Vandemark.

Earl H. Houghtaling is attorney for plaintiff, Amos Van Elten, of counsel, Arthur C. Connelly for defendant; Robert J. Howard of counsel. This is a negligence case growing out of an automobile accident. It happened in September, 1918, on the Napanoch-Montela highway near the residence of defendant.

Plaintiff alleges that defendant, who was driving a car at the time, was the cause of the accident, plaintiff having run into a ditch along side of the highway, throwing out the occupants of his car, that his wife broke her arm and that his auto was wrecked for which he asks damages.

Defense is a general denial and in answer says the plaintiff was running recklessly, and that he ran against a telephone pole, then into the ditch throwing out the occupants of his car some distance from where he the defendant, was, and that defendant's car was not on the

road, two wheels being on the dirt shoulder and the other two wheels on his own premises, at the time.

During the afternoon the jury in No. 65, George Befeler against the American Telephone Co., a negligence case, brought in a verdict for plaintiff for \$350. Plaintiff sued for \$10,000. Henry Klein for plaintiff, D. G. Atkins for defendant.

The trial of No. 76 was continued all Wednesday afternoon.

Parents Must Restrain
Parents should caution their children against committing vandalism in anticipation of Halloween, as some have already been doing. Some boys, who were seen scurrying away a few evenings ago, destroyed about three bushels of yellow corn from the garden of Herman Burgeon at the rear of his place on Lucas avenue. The corn is worth about two dollars a bushel and it was all wasted as it was thrown around and scattered over the field and on the adjoining lands. Should any of the miscreants receive a few birdshot wounds their parents would feel very much aggrieved over the happening.

FARM BOUGHT OF INDIANS SOLD

Palmer Place in Highland Change, Hand—Historic and Most Fertile Spot.

Highland, Oct. 23.—The Palmer farm in this town, first purchased from the Indians more than 150 years ago, has been sold by the only living descendant of the original pioneer family which settled here.

The farm has come down in unbroken line of succession to Miss Margaret Palmer, who is the present owner. She has just disposed of the property through Grace Reed, Ritchie of this town. The Palmer farm is not only one of the most historic, but one of the most fertile in the township.

Many traditions are connected with the old place. Many of the buildings on the grounds have been standing for generations.

Another valuable farm, the Edward Curry place on the Kingston road, has been sold. This farm has 16 acres, a commanding view of the Hudson for miles, and is one of the prettiest places between Kingston and Newburgh. The purchaser, Robert T. Boyd, of Baldwin Harbor, L. I., a retired business man, will spend a large sum of money on the place and will have one of the show places of the Hudson valley.

SHADY.

Shady, Oct. 23.—Representatives of the Shady, Wittenberg and Willow M. E. Church attended the union meeting held Sunday evening, October 19th at Woodstock. A large attendance from all districts being present.

On Tuesday, October 21, Mr. and Mrs. Martin MacDaniel entertained at tea the guests stopping at the Shady View house. Among those who participated were Miss Charlotte Wagar, Mr. and Mrs. Lincoln MacDaniel and son and Mr. and Mrs. Charles H. Dubois. During the evening games were played, refreshments served and at a late hour the guests departed after spending a most enjoyable evening.

Wednesday morning for their homes after spending a most enjoyable vacation at Martin MacDaniel's Cold Spring house.

Martin MacDaniel and wife and mother motored to Kingston Wednesday on a pleasure trip.

The Camp Fire Girls held their weekly meeting Tuesday evening at the home of Mrs. William Reynolds. A goodly attendance being present. This camp is planning an entertainment which will be worth while.

Mr. and Mrs. Ralph Vosburg motored from New York city to Shady last Saturday and are stopping at the home of his father, Stanley Vosburg.

Mr. Prentice of New York city and Miss Kirby of Red Bank, N. J., left at the Epworth League meeting Wednesday, October 22, the delegates who attend the annual conference at Margate, N. J.

Reports of the meeting which were enjoyed by all present. Miss Mead of Kingston gave a most enjoyable talk on "Win My Chum."

Miss Ada B. MacDaniel took tea with her aunt, Mrs. Lincoln MacDaniel Wednesday, October 22.

As a wild fur-bearing animal has decreased in numbers and the security and prices of furs consequently increased, many individuals have been led to undertake the rearing of fur bearers in captivity as for example the efforts to breed foxes in Canada and parts of the United States, and the widespread interest in skunk raising. It is of significance that in one state alone the game warden, within a period of two years, issued more than fifty permits for breeding skunks in captivity.—Robert K. Nabour, in the National Geographic Magazine.

Raising Skunks for Fur.

Energy From Common Powder. Common black sporting powder is a source of momentary energy in some railway machine shops and is used for such purposes as loosening nuts and bolts, breaking up scrap iron and steel, forcing a rusted locomotive piston, and breaking metal cooled in a furnace. It is employed in steel guns 5 to 12 inches long and of proportionate diameter. The powder is held by a plunger without wad, and it is fired with the mouth of the gun about an inch from the work. An ounce charge is the average required for an ordinary locomotive nut or bolt.

"Internal Baths Did Me a World of Good"

Mrs. I. C. Van Dyke of 517 South 13th St., Louisville, Ky., writes to the "Tyrrell Hygienic Institute": "I am still using your 'J. B. L. Cascade' and think it is perfectly wonderful. It has done me a world of good. I would not be without it."

The "J. B. L. Cascade" cleanses the liver, intestine, stomach and keeps it always free of poisonous waste. Thousands testify that constipation, indigestion, stomach troubles, biliousness, headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this nature treatment. "J. B. L. Cascade," Wall Street, Kingston, N. Y., will be glad to show you the "J. B. L. Cascade." Explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on internal bathing for 25 years in that city. Clip this out as a reminder to ask for the booklet at your first opportunity.

Read Carefully Before Voting!

In 1913, an Examination and Report of the Financial Affairs of Kingston was made by Examiners of Municipal Accounts from the office of the State Comptroller, who was of the same political party as the City administration of that time.

Emanuel Metzger, now the Democratic Candidate for Mayor, was then Corporation Counsel of Kingston.

As Corporation Counsel, it was his duty to draw the bonds required of the City officials given to protect the public.

The following is taken from said report:

"The undertakings and bonds of the various city officials were examined. It was found, in most instances, that the undertakings on file were not in the form required by the Public Officers' Law. This indicated that the bonds were not carefully drawn nor carefully examined when approved by the officials upon whom that duty devolved."

"The following are some of the bonds of city officials to which comment is specifically made:

TITLE OF OFFICIAL	NAME	COMMENT
Corporation Counsel	E. Metzger	It is not in the proper form as required by Section 11, Public Officers' Law. Not under seal.
City Clerk	John T. Cummings	Justification of undertaking not in proper form.
City Court Judge	N. Frank O'Reilly	Justification not in proper form.
Recorder	Charles D. Deyo	Body of undertaking and sureties' justification not in complete form.
City Engineer	J. F. Hallinan	Not in proper form and not under seal.
Superintendent of Streets, etc.	James V. Simpson	Not in proper form.
Unpaid Tax Collector	Richard Murphy	Not in proper form.
City Treasurer	Joseph A. Sheppard	Not under seal and not in complete form.

It will appear that not a single bond given by the City officials in 1913, when Mr. Metzger was Corporation Counsel, including his own, was properly drawn by him.

These bonds were required by law to be given to protect the taxpayers.

The taxpayers were not protected because of Mr. Metzger's carelessness and neglect and his failure to perform his official duty thoroughly and properly.

The voters can only gauge the character of one's future official performance by his past official acts.

Do you want a City administration not in Proper Form?

If you do, vote for a change in administration.

If you want an administration in Proper Form, vote to sustain and continue the present administration.

CIGAR STRIKE OVER.

After Nineteen Weeks Greater New York Workers Return.

After nineteen weeks of unemployment the striking cigar makers in ninety factories in Greater New York returned to work, according to information received here. The opening today of the factory of the American Exchange Cigar Company marks the first break in the ranks of the strikers. All of the other factories in Greater New York will start work again the first of the week. The cigar makers return to work without gaining their demands. A slight increase in pay has been granted by some of the manufacturers.

Monsignor Dr. W. H. Nolens

Monsignor Dr. W. H. Nolens, foremost political leader in Holland, arrived in New York recently at the head of the Netherlands' delegation to the International Labor Conference to be held in Washington soon. Monsignor Nolens has the distinction of being the only cleric in modern times to have entered politics to the extent of forming a Cabinet, which he did for the Netherlands Government in August, 1915, refusing to accept the Premiership. Having formed the Cabinet in the difficult political days of last year, the Monsignor turned the Premiership over to Ruys de Beerenbroek and again retired to his parish.

Speers' Peanut Crop.

Alex Speers of No. 734 Broadway has a fine crop of peanuts growing in his garden at his home. He has picked some of the crop and has it on exhibition in his store window. It attracts much attention from those passing the store.
